BOND ELECTION IS SET FOR APRIL 8TH

SUPERVISORS APPOINT ADVISORY COMMITTEE TO ASSIST IN ROAD BUILDING.

Motorcycle Patrolmen Elected to Enforce Speed Regulations. New Gardener Chosen.

The Board of Supervisors met in adjourned session Monday, February 24th, there being present Wm. H. Brown, presiding, D. E. Blackburn, Jas. T. Casey, Jos. M. Francis and John MacBain.

The minutes of the previous meeting were read. The chairman noted the fact that specific mention had not been given of the charge made by Supervisor Francis at the last meeting that the board's action in reducing the disinterment and removal fee was "not on the square."

MacBain held that the minutes should contain the exact language used by Francis.

The chairman directed that the clerk amend his minutes so as to include the remark referred to.

MacBain then asked Francis to explain his charges.

Francis asked that he be sworn. He then reviewed the proceedings leading up to the board's recent action concerning the disinterment fee. After the meeting on February 3d he was approached by R. Porter Ashe, while riding in an automobile to San Francisco, Ashe stating that he had intended to see him (Francis) before the meeting, and if it were not embarassing to secure his vote in favor of reducing the tax. "I can get some more money," remarked Ashe, "and charge it to the expense account."

MacBain stated that Ashe had not approached him with an offer of money and he did not want any insinuations to that effect.

"I don't know anything about that," answered Francis,.

Brown asked to be sworn, after which he asked Ashe to state to the board if he had had any conversation with him regarding the disinterment fee. Ashe answered that he had not.

Blackburn asked a similar question and was answered in the negative.

Mr. Ashe was sworn and stated that Francis' statement was correct with one exception. He told Francis that everyone was in favor of the reduction and if he doubted it he would contribute $250 to pay the expense of getting a petition to express the wishes of the people on the subject.

Ashe also stated that he told Casey that he would give work to the people in the First township if the removals were permitted at the reduced rate.

Judge Fitzpatrick said that he regretted very much that a matter in which he was concerned should result in strife among the members of the board, where good will should reign. He asked that he be sworn, and reading an article from a county paper in which it was so intimated, denied that he had made any threats for the purpose of influencing the board's action. He had never resorted to such methods in his dealings with the board of supervisors. He contended that Francis' statement did not implicate the other members. There was nothing to show that the others had been approached or consulted in the matter.

Judge Fitzpatrick further stated that since the passage of the ordinance authorizing removals at the lesser charge the District Attorney had agreed that the work of removing the bodies might proceed without waiting the usual fifteen days and had written a letter to that effect to Health Officer Beattie. This letter was presented to the health officer on three different occasions and he refused to issue the permits, although the fee of $2.50 was offered and finally the original tax of $10 was proffered. Mr. Fitzpatrick held that the health officer was acting contrary to law and asked that he be instructed as to his duties.

On motion of MacBain, seconded by Francis, the member from the Third district was authorized to lease a lot at Menlo Park at $10 per month for the purpose of keeping his machinery together.

A communication was received from the Park Commission of Redwood City, asking the beard to cooperate in beautifying the streets by paying the cost of planting trees around the courthouse property. The cost would be $1 for each tree for which the city agreed to furnish and plant the trees and care for them for three years.

On motion of MacBain, seconded by Casey, the request of the commission was granted.

MacBain presented a communication from Clerk Plump of Redwood City, asking that the county construct a sidewalk from the county road along Woodside road to Union cemetery, and asked that he be given authority to construct the walk of earth and screenings and pay for same out of his own fund. On motion of Blackburn, seconded by Francis, permission was granted.

Casey reported that since the last meeting of the board the United Railroads had made some repairs along their tracks in his township but the work was not yet complete. He was granted further time.

Casey also reported that he had had a conference with Mr. Ahern, division superintendent of the Southern Pacific, relative to widening the San Bruno road, the details of which he would make known at the next meeting, to which date the matter had been postponed.

A resolution was adopted on motion of Francis, seconded by Brown, confirming the appointment of Geo. Perham, E. M. Moores, H. C. Tuchsen, M. B. Johnson and William Moore a committee to act in conjunction with the supervisors in the construction of the new county roads in the event of the success of the bond issue. MacBain voted "no" on the motion.

The discussion of the new ordinance regulating the removal of bodies from the county was taken up. Albert Waldstein, general agent for the Chinese Six Companies, testified to the fact that he had been refused a removal permit by the Health Officer. His statement was corroborated by Porter Ashe.

Dr. Beattie, the health officer was called upon for an explanation and stated that he was willing to issue removal permits if the board would stand back of him.

With this statement the matter was dropped and the District Attorney was directed to instruct the Health Officer as to his duties.

A resolution was adopted on motion of MacBain, seconded by Blackburn, authorizing the District Attorney to employ Dillon, Thompson and Clay of New York, and their representatives, Mason and Locke of San Francisco, to assist in preparing the proceedings for the bond election. Should the election carry they are to receive a fee of $2000, and $250 should it fail.

A resolution was adopted on motion of MacBain, seconded by Blackburn, authorizing the employment of three motorcycle patrolmen for two days each week and an additional one-half day to permit them to appear in court to prosecute violations of the speed law. They are to be paid $5.50 per day and will serve until April 1st, when if necessary they will increase their service. A captain of the squad will serve six days each week and receive $6 per day. He shall be responsible for the acts of his subordinates. The county is to furnish the patrolmen with motorcycles and keep the machines in repair.

Casey thought that two days each week would not suffice for his township and stated that he would employ his patrolman additional time and pay him out of the road fund.

District Attorney Swart stated that there had been some complaint regarding the services of the patrolmen last year, excepting M. F. Brown, whose record was excellent. For this reason he suggested that he be made captain of the squad. His assistants are to be George Lowans of the First township, James Logan of the Third township and Fred Vallejo of the Fourth township.

These appointments were made on motion of Blackburn, seconded by MacBain.

The members of the board were notified to select thir precinct officers for the bond election, consisting of one inspector, one clerk and two judges and hand same to the District Attorney. The date of the election was fixed for April 8th.

C. Eaton of Pescadero gave testimony regarding the claims of C. H. Wiedeman, amounting to $1061.25 for culvert work in the Fifth township, after which the claims were approved and paid.

On motion of MacBain, seconded by Casey, the Surveyor was directed to go to Pescadero and examine certain culvert work done by E. R. Mitchell, whose claims were disputed.

Brown called Francis to the chair and taking the floor moved that the office of courthouse gardener be declared vacant on February 28th. The motion was seconded by Blackburn and carried. Brown stated that he had notified John O'Farrell that his resignation would be accepted February 17th.

On motion of Brown, seconded by Francis, Wiliam Sharon of San Mateo was appointed to fill the position of gardener.

MacBain stated that he had been informed that some of the garden implements had been taken away from the courthouse. He had secured a list of the implements that had been purchased. MacBain as chairman of the courthouse committee was authorized to investigate the charge.

Surveyor Neuman presented a report of the cost of the proposed new county roads which was accepted. The report will be found in another column. Adjourned.

AN EQUITABLE SOLUTION.

Whether considered from the standpoint of sentiment of commercialism, the action of the Board of Supervisors in reducing the fee for the issuance of permits for removals of remains of the dead from $10 to $2.50 must meet with the approval of the citizens of San Mateo County. Viewed from either of these aspects, the fee as now fixed is a reasonable one, which while producing fully as much revenue as the county has a right to exact from this source will not place an unreasonable burden upon those who may be prompted by a sentiment which all humanity is bound to respect in the final disposition of the remains of their dead.

As a matter of human sentiment, the fact that in the present instance those most materially affected belong to an alien race should not be taken into consideration. These people have been allowed to make their homes among us and in our laws, at least, we have agreed to respect their religous and sentimental opinions. To throw a practically unsurmountable financial obstacle in the way of a final disposition of their dead in accordance with the dictates of their religious teachings would not be in accordance with the dictates of the best emotions of humanity.

From the point of view of the purely commercialist, the action is equally a a wise one. In the cemeteries in the north end of the county there are interred at this time many thousands of of the bodies of deceased Chinese. It is unquestionably the desire of relatives of these that the remains shall find a resting place in their native land, both as a matter of patriotic and religious sentiment. At the same time it must be considered that at least a large number of these people are far from wealthy. At best, the expense of these removals must be considerable, and it is easy to imagine that a demand for exhorbitant fees would in many cases practically prohibit the removals. For this reason it is more than proable that the reduction in the rate of the fee will in the long run result in an increased income to the county from this source.

Considered, then, from either view point, the action of the Supervisors is a commendable one. While no more than a reasonable regard has been given to the dictates of humanity, the business interest of the community have been fully protected.

Rev. Kirtland Seriously Ill.

The many friends and former parishioners of Rev. C. C. Kirtland will be pained to learn that he suffered a stroke of apoplexy at his home in Lodi last Tuesday. He was unconscious for several hours and for a while his recovery was doubtful. He finally regained consciousness and though very weak, is improving and it is thought he will entirely recover. Mr. Kirtland is the pastor of the Congregational church of Lodi and is held in high esteem there by his parishoners. Mr. Kirtland had charge of the Congregational church of this city for eight years, during tha time doing splendid work in the cause of religion and endearing himself to the people, regardless of religious affiliations. The news of his illness is a severe shock to his numerous friends.

Returns From Eastern Trip.

John P. Weller, manager of the Redwood City Commercial Bank, returned on Thursday from Milwaukee Wisconsin, where he went to be at the bedside of his aged father, who passed away on February 10th, six days after the arrival of Mr. Weller at the family home. Mr. Weller senior had resided in Milwaukee for a greater portion of his life, and by his upright life had earned the esteem of all who knew him. He was in his 82d year when the Death Angel called him. Mr. Weller says the winter in the east was very mild, in fact, he was not troubled with the cold any more than hewas when here. However, he is glad to get back to California and the warm sunshine of Redwood City.

Services at the Congregational Church tomorow will be as follows; 11 o'clock, morning worship, Communion and reception of members. Those having children they desire baptized may present them at this hour. 7:30, evening service; topic "An Oriental Feast." The Sunday School meets at 10 o'clock Christian Endeavor at 6:30. The public is cordially invited.

SAN BRUNO NOTES.

Two Chinese youths, Wong Kong and Wan Jaw, aged 11 and 12 years, drove into town Wednesday with a fine horse and buggy and, characteristic of their race from a business view, began bartering the rig for $15. Constable Wallaee received a telephone message to look out for the youths. He heard of them in San Bruno and came over and took charge of the rig and brought them back to the city. The outfit belonged to the Ferry stable on Clay street.

With about 40 members of the Order seated at a banquet table Tuesday night at Green's hall, the sixteenth anniversary of Yeomanry was celebrated with the usual eclat for which Yeomanry is noted in San Bruno. Lady Roena Mrs. E. Fegan, whose duties it is to preside over all social functions, with her assistants, are deserving of great credit for the tastefully decorated tables. The Yeoman colors were profusely used and innovations used for the first time at these functions which showed originality. The menu was immense, and all agreed that the committee in their selections were just right. Pete Bolinger acted as toastmaster. Pete has the voice of a Shakespearian orator and is surprising his friends in the development of a talent for wit and elocution Toasts were responded to by many of the members and choice selections were rendered by others. Whist and dancing terminated a very happily spent evening.

A splendid opportunity now presents itself for those who purchased lots in San Bruno to build houses. All of the available houses are rented and those offered for sale find ready buyers. Several houses have changed hands in the last 60 days. Since the cut in the fare to the city people have been looking for houses to rent, and none can be found.

Julius Krouss, an old time resident who built a beautiful home near the junction on the Mission road, sold his property last week to J. Reed of San Francisco. PIONEER BUSINESS PASSES UNDER NEW MANAGEMENT

Mrs. James Crowe has disposed of her undertaking business to W. A. Crowell, an experienced man in that line from Oakland. The James Crowe Undertaking Parlors were established by the late James Crowe in 1868 and have always enjoyed a lucrative business throughout the county. Mrs. Crowe did not care to longer assume the responsibility and business worry of the concern and while she still retains a small interest in the parlors, the burden of the responsibility will rest with Mr. Crowell who will conduct the business in the present place. He will have the benefit of the advice of Mrs. Crowe in all matters pertaining to the affairs of the concern, so that it will be conducted before, with the same care and consideration that was given to it by the founder, James Crowe. Mr. Crowell has had a wide experience in the undertaking business in several parts of the state. He was the coroner and public administrator of Placer county for several years and resigned that office to become the representative of Clark and Booth at Sacramento and later engaged in business on his own account at Oakland. Mr. Crowell comes to Redwood City with the highest recommendations and Mrs. Crowe bespeaks for success for him and asks that her many friends throughout the county continue their business with the old concern that has become a byword in this section of the State.

Boost for Good Roads.

The meeting held at the Alhambra Wednesday evening for a discussion of good roads for the county was largely attended, there being about 350 persons present. Mayor Geo. A. Merrill was chairman and in a brief speech introduced W. J. Martin of South San Francisco who gave a splendid talk on the benefits of good highways. He contrasted the conditions of the roads in the San Joaquin Valley and in the Peninsula, showing how the fine thoroughfares of the former locality had built up that section of the State. He strongly urged the people to vote for the bonds at the election to be held on April 8. W. A. Brewer of San Mateo also made a strong and forcible address on the question of good roads for the peninsula. He was certain that the construction of the roads proposed by the supervisors would bring an army of homeseekers to the county. He made an eloquent plea to his hearers to vote for the bond issue. F. F. Ayers' illustrated lecture was very interesting and instructive. He showed the different character of roads in this country and Europe and demonstrated the benefits of good highways to any community. The lecture was the best ever heard in this city on that question. The meeting made many new converts to the bond issue and it is safe to say the bonds will carry by a large vote in this city.

Council Inaestigation Fails to Reveal Serious Defects in Street Paving Work

Alhtough more than two hours were devoted to an investigation of the work of street improvement recently completed by A. Teichert & Son in the cenrtal portion of the the city, but little in the way of definite conclusion was reached, lack of progress seemingly being du to the fact that in reality there was nothing definite before the trustees upon which a plan of action might be based.

All of hte trustees, with the exception of trustee Hahir, were in their seats when Chairman Merrill called the adjourned session of the council to order Wednesday evening, while the lobby of the council chamber was occupied by a goodly number of interested owners of property in the improved district. In opening the discussion Chairman Merrill called attention to the facts surrounding the present status of the work under the contract, especially in so far as the jurisdiction of the council was concerned, satting that the work under the contract had been completed and accepted by the council, after approval by the superintendent of streets, and that up to the time of this aciton no complaints or objections had been made known. Since that time claims had been made that there was a shortage in the amount of material used, and that in some instances the completed streets had been left with a slight difference in the gradient of the crown originally provided in the specificaitons. He also stated that he had questioned the inspector who had charge of the work and had been assured that frequent measurements had been taken and that the full amount of material was on the streets. That some changes had been made in the crown was admitted, but it was stated that these had been authorized in order that a more efficient drainage might be secured.

At this point Chairman Merrill announced that it would be necessary for him to leave the meeting, due to the fact that he had been chosen to preside at the good Roads meeting to be held at the Alhambra. After calling Trustee Sampson to the chair and urging that a full hearing be given all disputed questions, Mr. Merrill retired and the business of the evening was proceeded with.

While stating that he had no definite complaints to make, J. H. Mansfield urged that the entire work should be fully investigated in the interest of the general public as well as those directly interested in the work now under consideration. So far as he was concerned, the only question to be determined was that of the actual thickness of the pavement laid.

After stating that he appeared as the legal representative of several owners of property, and not as a personal complainant, Attorney A. Kincaid raised the question as to the legal bearing on the contract of changes made in the height of the crown, contending that if one change had been made in the specifications others might have equally as well have been permitted, thus working an injustice upon the competing bidders.

H. W. Schaberg called attention to the fact that complaints had been made that an insufficient quantity of oil had been used. J. F. Ford ask- [illegible] unusual solmenity. His relatives from Napa, San Francisco and Santa Cruz and other portions of the state will be present to help celebrate and to facilitate Mr. Kuck on his present good health and bid him many returns of the day. Mr. Kuck came to this county in the early sixties, locating at Redwood City, where he engaged in the mercantile business, and later erected the Germania Hall block. He has been a resident of Menlo Park for over 30 years, and has always been engaged in the hotel business.

A dispatch from Chicago yesterday announced that a group of San Francisco capitalists were there purchasing machinery for a distillery to be established at Ravenswood. H. H. Graham is the president of the company and work on the buildings will begin in a short time.

Miss Mamie Roche departed last week for Cleveland, Ohio, to take a course in the use of anesthetics. The young lady is a graduate nurse, having taken a full course at the St. Francis Hospital in San Francisco. For two years she has been the chief nurse in the operating room of that institution.

In giving up her life as a sacrifice upon the altar of motherhood woman preforms a part in the Divine plan fraught with the most intimate touch of tragical sadness. It is beyond the feeble power of human mind to fathom the purpose which orders our ways. With heavy hearts and chastened trust we bow to the decrees of fate, sustained, so far as may be, by the belief that the bitterest grief may be the earthly covering of golden seeds which time and eternity will ripen to the fullness of the purpose of God. May the unfailing solicitude of a higher power surround the bereaved ones with comfort and protection and strengthen them to meet the trials of life.

The sad and unexpected death of Mrs. George H. Bramhall at Palo Alto last Monday cast a gloom over the minds of a large number of people both here and at the College City. She leaves a family of three little boys. The infant closed its life with hers. The death occurred in the Peninsula Hospital during the absence of her husband in San Francisco. Mr. Bramhall has often played in the orchestra here for church entertainments. He and his wife were both wellknown in Menlo Park.

The court orders the subdivisons known as Moss Beach, Moss Beach Addition No. 1, and Moss Beach Addition No. 2, which were formerly the Weinke, Cracknell and Foley properties, to be divided between Rich and Smith and appointed J. V. Neuman, county surveyor, W. R. Bartley, and A. F. Joseph as rsferees to make the partition. Rich was given the lots upon which he has erected numerous improvements.

Rich was also given judgement against Smith for $10,742 for money which Rich advanced for the benefit of the tracts, and a lien is decreed against Smith's share of the property for the payment of this judgement. The court denied Smith's many claims for damages, as well as his prayer that it be decreed that Rich and Smith were partners. It is a cemplete victory for Rich.

It is belived that as soon as the referees make their report the controversies that have retarded the sale of the Moss Beach property will be at an end, which will be very gratifying to the many lot purchasers.

Rich was represented by Ross & Ross and J. J. Lermen and Smith by Martin Stevens of San Francisco.

New Actions in Superior Court.

Sarah Richards has commenced foreclosure proceedings in the Superior Court against Louis Raising and others to recover the sum of $700 loaned on a promissory note secured by a mortgage on lot 23, block 14, Vista Grande. Plaintiff also asks for attorney fees in the sum of $100, and interest at the rate of 6 per cent per annum from October 18, 1911. Plaintiff asks that a commissioner be appointed by the court to sell the property.

Walter Heath has commenced an action in the Superior Court against Matilda Denehy and others to quiet title to lots 23, 24, block 27, Western Addition to the Town of San Mateo.

New Probate Applications.

Edward C. Harrison has filed the last will and testament of Ellen S. [illegible] ed if means had been provided for ascertaining the exact amount of cut and fill that had been in front of each lot.

C. C. Benson, in reply to a query, stated that he had made a number of careful measurements and had found that the height of the finished crown varied from the required height of 12 inches as low as in one case, little more than seven inches.

City Engineer Sears explained at some length the technical difficulties which had been encountered in securing proper drainage, owing to the almost flat condition presented by the surface of the entire district. He explained the changes which it had been found necessary to secure the needed flow of water from an engineers standpoint, at least, gave substantial reasons for changes of this character, at the same time insisting that no material deviation had been permitted. Following this explanation, Street Superintendent Dickey stated that he had given the work as much attention during its progress as his other duties would permit, and that he was satisfied that the full amount of material had been used and that the contractors had used every endeavor to provide for a first class job.

Called upon for a definite statement of the position of the contractors, Mr. Teichert stated that his firm stood ready to remedy any defects which might appear in the work and to guarantee that if any portion should be found that was not fully up to the specifications, the work would be made good. That there might be possible defects, he did not question, explaining that delays in the awarding of the contract forced the doing of portions of the work too late in the season for the securing of the best results, owing to the yielding condition of the earth in the subgrade.

This assurance on the part of the contractors seemed to be received by the property owners with considerable satisfaction.

After a considerable time had been devoted to general discussion along similar lines, Trustee Deleau suggested that the question had assumed an aspect too technical to admit of determination in the present scope of inquiry, and offered a motion that further investigation be referred to a committee to be composed of owners of property. This motion was finally adopted and Chairman Sampson named as the committee, Trustee Hynding, City Engineer Sears, Street Superintendent Dickey, C. C. Benson, H. W. Schaberg, Morris Cooper and Attorney Archer Kincaid.

With the understanding that this committee would proceed immediately and be ready to report at the next meeting of the council, the meeting adjourned.

BRONCHITIS SUFFERER

Takes Druggist's Advice With Splendid Result.

If anyone should know the worth of a medicine, it is the retail druggist who sells it over his counter every day in the week, and is in a position to know what remedy gives the best satisfaction.

Mrs. Frank H. Uline, of West Sand Lake, N. Y., says: "For a number of years I was a great sufferer from bronchitis. Last July I had an attack which was more severe than any, and my friends thought I could not recover from it. Then I was advised by my druggist to try Vinol, which I did, with wonderful results. My cough has left me; I have gained in weight and appetite, and I am as strong as ever I was. I advise all who have bronchitis, chronic coughs, or who are run down to try Vinol."

It is the combined action of the medicinal curative elements of the cod's liver, without the greasy oil, aided by the blood-making and strength-creating properties of tonic iron that makes Vinol so efficient.

Remember, we guarantee Vinol to do just what we say — we pay back your money if it does not.
